

Introduction

Between the years of 1850 and 1868, almost Ten Thousand Convicts were transported to Western Australia, aboard Forty-three Vessels.

By order of the Home Government, the Surgeon Superintendent on board each vessel was required to keep an accurate account of all events which took place during the voyage.

This, the Daily Journal of William Crawford M.D., R.N., Staff Surgeon, Surgeon Superintendent, records those events which took place each day on board the Convict Ship "**Clara**", which, with its most valuable cargo of 301 Male Convicts, made passage from England to Western Australia in the year of 1864.
